

## **Stripe Terms and Conditions Language for Website and Stripe Receipts**

I hereby grant authorization to The Boat House to issue instructions to the financial institution that issued my card for the purpose of processing payments from my card account, in accordance with the terms outlined in our agreement. In the event that I have enrolled in the Card on File option, I acknowledge that authorization will be granted to The Boat House prior to the processing of my credit card.

For those who have opted for Auto Pay, The Boat House is authorized to automatically process my credit card for the total amount indicated on my Accounts Receivable (AR) statement on the 1st day of the month in Florida and Illinois, and on the 15th day in Wisconsin. As a member of the boat club, I understand that all charges will be processed through Auto Pay, and payments may be incurred as necessary during the contracted period.

If I choose the One-Time payment option, I confirm that I am the initiating party and hereby authorize the payment. It is understood that The Boat House reserves the right to pass on any credit card dispute fees to me as the customer.
